

"The last bottle I got from this doctor
to ease if I felt that I had no good one would
be compelled to have an operation per-
formed. I finally picked up a sample of
Dr. Chase's K-L Pills in Mr. Taylor's
store, and my wife took one pill that
night and one in the morning, and also has
never felt the least sign of pain since. I
will always keep Dr. Chase's Pills in my
house for my or family's complaint."

THE LITTLE AFFAIRS OF LIFE It is not necessary that your social position should be an elaborate one in order to keep the services of your friends. It is only "Spreading the word" that counts. "Reception day"—may be a little impromptu party—we will be of service to you in many little ways. We give as much care and attention proportionately as for the more pretentious affair—the wedding feast, the ball, the evening party.

The Little Affairs

A. L. C.

The peculiar value of the present to the alert business man lies in the unique opportunity it offers him to make the early uses of up-to-date advertising.

**"Go forth to meet the future
Without fear."**

The most preparation for the future is the active use of the resources of the present. The next steps in the march of improvement will be most easily taken by the man who has taken the previous steps. Some men are afraid to take the forward step they fear they may then have to take another. They

OF LIFE.

It is not necessary that "you so forth" be a man of an elaborate education in order to seek the services of a caterer. If it's only "Spending money," "feeling," "a few lines" or perhaps "Reception day"—may be a little impromptu peddy party—there's no harm in trying it out a little ways. We give such makeshift proposals our proper attention and the more pretentious affairs—wedding feast, the ball, the even-party.

ED. F. DICKEN
President of our Neapolitan Ice Cream Co.

should rather fear to miss a forward step, lest they lose the ability to make the next advance. A Christmas "ad." in the INTELLEKCHER (Daily and Weekly), which has the largest circulation, assures the advertiser success. He need not heed the Past, or the Present, the Future will bring him success.

Hon. Sir Mackenzie Bowell, Mayor Johnston, Rev. Matthew E. Bell, and Mr. C. J. Bowell, of the INTELLEKCHER, made a visit to our town on November 10th.

We had three different sets of men, making nearly 500 in all.

We expect more each day.

On Tuesday evening, On Tuesday, with Mr. MacKenzie as the main attraction, the following persons, returning the same evening, Sir MacKenzie is as active, apparently, as when he was confining himself to his bed. His friends were delighted to see him and listened with eagerness to his remarks. He suggested, but the party was unable to remain longer in the town. Mayor Johnson is a favorite here and has just returned from the Ontario Business College near Fall, when his name is mentioned, to give him high praise. His good speech has been placed him in the forefront as a speaker at all public gatherings.

Mr. MacKenzie's speech at the meeting of the Free was widespread in its influence. He understands what he undertakes to talk about. Mr. T. MacKenzie is a gentleman of whom all Ontario is proud. Under his

A TRAP WAS L'ID.

Scheme Put Up by the Publishers of the Press Newspaper in Montreal Which May Make Trouble.

Montreal, Nov. 17.—H. T. Barthelemy, proprietor of the Press newspaper, states that he will to-morrow sue the Great Northwestern Telegraph Company for \$100,000 damages.

La Presse asserts that for some time past they have suspected that a leak existed, and that their special dispatches were being given or sold to other papers. With a view to test the telegraph company in question the city editor of La Presse committed the following letter, sending it by registered letter to Quebec to their special correspondent, and instructing him to wire it back by the Great Northwestern.

Quebec, Nov. 17.—Reports have reached town that four families have been buried alive by a landslide at River de Chene, a few miles north of St. Edward de Lotbiniere, and that more than forty persons have been killed.

Corner Garsneau has left for the scene of the disaster. The scene of the catastrophe is about forty-five miles southwest of here. It is difficult to obtain particulars at this hour, as the only person who has returned from the scene of the disaster is in such an excited condition that scarcely anything intelligible can be got out of him.

Sure enough, the above despatch appeared in the Star, and, as a special from the Ancient Capital.

Fur Cap Weather.

Does this weather put you anything in mind of fur caps? If so, remember you can buy one at the Gough Bookery, Stock Sale for one-half price. They won't last long, the people are grabbing them fast for Christmas presents. The season is pretty far yet.

His Foot Crushed.

William Delaney, of Trenton, met with a serious and painful accident at Colburg about four o'clock yesterday afternoon.

The young man, who is about 18 years of age, was returning from Colburg, where he had been employed with the Gilmour Co. When the train reached Colburg he got off to take refreshments.

He hurried and when he came out of the restaurant the train was in motion. He grabbed the railing of one of the cars and was jerked between them. He fell to the ground and a wheel passed over one of his feet from toe to heel, crushing it frightfully.

He was attended by a surgeon and sent home late in the evening. It is thought it will be necessary to amputate the foot.

TREATMENT OF PHTHISIS.

Results of Prof. von Leyden's In-

Investigations—Contagion, Rather Than

Inheritance, a Chief Cause—Peo-

ple's Sanitarium.

(New York Medical Advertiser.)

Washington, Nov. 16.—Thomas Edwin

Morse, United States Consul at Wismar,

Germany, has sent to the State Depart-

ment a preliminary report upon the

treatment of consumption. At the Inter-

national Medical Congress held at Moscow

during the summer of this year, Dr. von

Leyden's recent address upon the

treatment of consumption and State

of Thum.

To the latter the lecturer at-

tributes especial importance, owing to

the economic situation. The lecturer

gives the extent of tuberculosis and

the manner in which it is propagated may

be passed over, the views regarding

"inherited tendency," so often discussed,

and from recently interpreted, are of

decided interest. A consumptive, Dr. von

Leyden holds, does not necessarily trans-

mit his disease to his or her children, but

all cases of inherited consumption be-

ing caused by direct contact of the children

and parents.

However, in spite of the facility with

which the bacillus tuberculosis can be

transferred, an exaggerated view of the

role of the bacillus is not the most effective

against the disease. A hardening of the

constitution in youth and a regard for the

utmost cleanliness are very much im-

portant. Cleanliness is the best disinfectant.

Not only prevention, but cure, best follows

these principles.

To strengthening and hardening the

constitution, and to the hygienic treat-

ment above all other methods. Of the

numerous means and remedies, he

speaks most reservedly. It may not be

Should always possess lasting qualities. Most people are agreed on this

point, and it is consequently agreed that quality rather than quantity

should be considered when selecting wedding gifts.

As a consequence, the Jewellery Store comes first, and naturally we

best. Here are a few of our window attractions:

A Hot Water Bottle

Is almost one of the necessities. So nearly so that it is always a good idea to have one on several in the house.

It is a "sure cure" for cold feet. It is invaluable in sickness when heat must be applied. Cheaper and more convenient than the physician.

If it does not cost as much for one as you suppose. Our prices on hot water bottles are: No. 10, \$1.35; No. 12, \$1.50 and \$2.00. Come and see.

Mark Dalmage Injured in a Collision at Union Hill, N.Y.

The Red Creek Herald, published in Wayne County, N.Y., gives the following particulars of an accident that recently occurred to Mark Dalmage, a former employee of this office.

The engine of the west-bound passenger, due at this station at 10 o'clock, struck a heavy freight engine which was on the siding close to the main track at Union Hill, a small station near Charlotte, Monday night, and resulted in wrecking both engines and injuring several passengers. Among those who were injured was Mark Dalmage, an employee of the Herald, who was returning from Rochester. He was in the smoker near the end of the coach when the engine struck, and was thrown about by the heavy frame work of the coach, receiving some severe bruises. He was taken to the Taylor House after the arrival of the train and medical aid procured. He has since been in the hospital, and is now being treated by Dr. J. C. Keith.

GOING TO KINGSTON.

The Abbott Rolling Mills to Leave
Montreal.

Kingston, Nov. 29.—On Saturday after-
noon Messrs. William and Arthur Abbott
of the Metropolitan Rolling Mills of Mon-
real, and their superintendent, Mr. Pe-
cock, had a conference with the finance
committee and a committee from the Board
of Trade in respect to the removal of the
works from Montreal to Kingston.

A satisfactory arrangement was reached,
and the City Council will be asked at its
next regular meeting to ratify a by-law to
be submitted to the electors to grant to
Abbott & Co. a bonus of \$50,000 and a free
site and exemption from taxes. For this
Abbott & Co. will have to erect buildings
and put in a plant, all to be worth \$200,-
000.

The first year the company will have to
employ 140 men, and each following year
not less than 200 men. The Council will
be satisfied in respect to the financial
standing of the concern. The bonus will
not be paid until the plant is in working
order. The bonus will certainly be paid.

WILLIAM B. NELSON.

Another old and highly respected resi-
dent of the city passed away at 11:30 last
night in the person of William B. Nelson.
Mr. Nelson was stricken on Sunday with
paralysis and gradually sank until his life
came to a close.

Decoded was born in Ireland 71 years
ago and came to Canada when a mere lad.
He married a Miss Brett, who was also
born in Ireland, and who, with nine chil-
dren, survive him. The children are
Samuel, James and Mrs. W. Post,
Detroit, N.Y.; William, Mrs. G. M.
Thompson, Mrs. C. A. Atkins and Cecelia,
this city. Mr. Nelson lived in Melroe
township for many years, where he fol-
lowed the occupation of a farmer. He removed
to Belleville about twenty-eight years ago
and lived here to the time of his death.
He was a Conservative in politics. He was
employed for a number of years with Mr.
W. Bollen, until failing health compelled
him to resign. He was of a quiet and un-
assuming character and a good citizen.
His family have the sympathy of a large
circle of friends. The funeral will take
place from his late residence, Ann St.,
Thursday afternoon.

Police Notes.

A false fire alarm was sent in this morn-
ing at 5:45 by a man named Keeler. He
thought the McCurdy block on the east
side of Front was on fire, but he was
mistaken.

A horse owned by Geo. Thomas ran out
of the corner of the hotel yard about 9 o'clock
last evening and took a spin on Front
to Victoria Ave. "Doc" Trausch caught
it and turned it in at the police station.

Two tramps and a drunk had lodging in
the cells last night.

Wednesday.

Dec. 1st, we will sell our well-known
"Golden Cough Syrup" at 15c the bottle

you have had to try to be convinced of its
value, and consequently for this day only
we put it down to about cost price.—ALEX.
RAY.

THE OPTION NOT YET GIVEN.

The City Council Wants to
Know More of the Eng-
lish Syndicate.

A Meeting of the Gas Company to be
Called at Once—The Assay Office
Question Again—More Debiture
By-Laws—Other Small Matters.

As reported exclusively in the columns
of yesterday's INTELLIGENCER, the Execu-
tive Committee recommended at last even-
ing's meeting that the City Council should
on Monday Syndicate be given an option on
the City's gas stock. The Committee
recommended that Mr. Lyons Bigger, on
behalf of the syndicate, be given the option
of 27 cents on the dollar on the stock up
to the 15th of January next.

Ald. Doyle said the City had received
since its inauguration in 1878 as dividends
from its stock in the Gas Company \$28,-
224. He thought if the shareholders of the
Gas Company and Waterworks Com-
pany were willing to sell their stock at 75
cents on the dollar, that it would pay for
the City to buy it. He moved in amendment
that the matter be referred to the Execu-
tive Committee for further consideration.
Ald. Pantar asked that Mr. J. L. Bigger
be heard.

Ald. Falkner objected at first, but finally
yielded.

Ald. Hangerford asked Ald. Doyle how
much the City had paid for gas during the
period he had mentioned.

Ald. Doyle said that had nothing to do
with the case, as the City had to pay for
its gas the same as other people.

Mr. J. L. Bigger said the representative
of an English syndicate capitalized at
\$2,000,000 had been in Belleville recently
and asked for such a big run on the City's
gas Company's stock. He (the speaker)
had met the Executive Committee, and
hence the action they had taken. He said
all but one of the stockholders that had
heard from were willing to sell. The
syndicate already had options on the street
railway and the water works.

In reply to a question Mr. Bigger said
the representative of the syndicate had
said if they got the street railway they
would extend it.

Ald. Falkner said the Council had nothing
to say in the matter.

They were asked to give Mr. Bigger, a mil-
lionaire, an option on the Gas Company
stock. He would not enter into the ques-
tion of the value of the stock, but asked
for time. Surely, he said, the Council
were not ready to say Belleville was a
city that could take such a large
premium. He said no syndicate could
buy waterworks, as at the end of ten years
the city could take them over. When a
man sells part of his assets at a reduction
of 25% there must be something wrong.

The Mayor thought there should be an
extraordinary meeting of the stockholders
of the Gas Company to consider the offer
of the Gas Company stock.

The Gas Company was
incorporated in 1854. The stock of the
Company was \$20,000, and the City's
capital investment of money in this Com-
pany was \$14,000. The Company had to
pay interest on the \$14,000, and instead
of paying dividends applied the profits
to pay off its bonded debt and lay
out in the city. The City's share of the
profits was divided into three parts, one
divided into dividend stock, and the city
received enough to increase
the stock to \$20,000, and the City's
receiving 42% on the \$25,000 or 71% on
the original investment of \$14,000. As time
went on the stock was sold out, and the
penalties were at times to be met. He
said he had approached and asked if he
could buy the stock at \$100, and he had
said he would at 80 cents on the dollar.
He had always held that Corporations
ought to pay the gas rate, and he had
worked. If a meeting of the stockholders
were called they might decide to sell to the
City. As a matter of fact, the City had
paid Mr. Pearson was not making any
money out of his lease of the gas works.

Ald. Brown understood the matter was
urgent and he did not want to see it shelved.

The Mayor proposed that a meeting of
the Gas Company would be called in the
near future.

Ald. Hangerford hoped no cold water
would be thrown on the case, as
Belleville should be a capital invested here.

Ald. Pantar said there was no intention
on the part of the Executive Committee
to sell the Gas Company stock, but they
wanted to see foreign capital come in.

Ald. Wallace figured out that the City
had received but 5% on the investment
during the last twenty years, and accord-
ing to his opinion would receive less dur-
ing the next twenty years.

Ald. Doyle's amendment carried.

COMMUNICATIONS AND PETITIONS.

The following communications were read:
From John Goodrich, re: know
how to run the water works. He left the
remuneration entirely in the City's hands.

From the City Solicitor, asking that he
be furnished with a copy of the resolution
authorizing the vaccinations and advertise-
ments in reference to same.

From Hon. A. G. Blair, re: bonus granted
the J. T. R., stating that the Govern-
ment had no jurisdiction in Belleville's
affairs.
